SUMMARY

Driven and versatile computer science graduate with a strong background in development, project management, and financial acumen. I have honed my expertise in computer applications through a combination of hands-on apprenticeships and rigorous academic training. With a keen curiosity and adaptability, I am now eager to leverage my diverse skill set to cultivate a deeper understanding, drive innovation, and excel through collaborative efforts while actively pursuing new opportunities for growth.

EDUCATION

Bachelor of Business Administration (Computer Application) August 2020 - April 2023
Brihan Maharashtra College of Commerce, Pune, India. 9.02 CGPA

TECHNICAL SKILLS

Languages: Python, C/C++, SQL, Java, HTML/CSS, JavaScript, PHP
Databases/Technologies: MySQL, SQLite, PostgreSQL, MongoDB
Tools: Tableau, Microsoft Office Suite, Notion, Zapier, Github

PROJECTS

WYDRN | *PHP, JavaScript, AJAX, MySQL, Bootstrap* July 2022 - October 2022

- Spearheaded the conceptualization of the WYDRN app, introducing innovative features, creating UML diagrams, and implementing an agile methodology.
- Developed a cutting-edge, feature-rich social media web application leveraging API services. The platform empowers users to effectively catalog and manage diverse media types, including movies, books, video games, and albums.
- Accomplished seamless user experiences by enabling functionalities such as logging, viewing, and sharing, ensuring users have full control over their data by importing or exporting it in desired format.
- Demonstrated a commitment to enhancing platform security by advocating for the integration of email verification, resulting in a 33% improvement in overall security measures.

VocabularyCLI | *Python, PyTest, Matplotlib, PyDictionary, Pandas, SpaCy* November 2022 - February 2023

- Developed a lightweight Command Line Application, VocabularyCLI, revolutionizing the way users access word definitions, examples, synonyms, and antonyms directly through the command line interface.
- Orchestrated the implementation of utility-based features like Flashcards, Tagging, Word Management, Graph Reporting, and import/export, establishing VocabularyCLI as an indispensable tool for linguaphiles.
- Leveraged advanced Natural Language Processing and Machine Learning algorithms to enable sophisticated Text Classification and Processing, augmenting the application's functionality.
- Achieved a notable milestone by overseeing the entire software testing process and ensuring exceptional quality through automated testing utilizing the PyTest module, resulting in an impressive 91% test coverage.
- Streamlined and generated comprehensive and user-friendly project documentation using Sphinx.

EXPERIENCE

Hans Creation, Pune | *Wordpress Developer* July 2022 - February 2023

- Accomplished the design, development, and maintenance of more than 8 websites on the WordPress platform, showcasing expertise in frontend and backend development.
- Demonstrated strong client management skills, ensuring effective communication and understanding of client requirements to deliver tailored website solutions.
- Successfully migrated a prominent FMCG brand to an e-commerce platform by building a feature-rich website integrated with seamless shipping and payment gateway solutions.

LEADERSHIP EXPERIENCE

Foliage Outdoors | *Instructor* March 2018 - Present

- Successfully led and facilitated over 10 adventure and kids camps, delivering exceptional experiences and demonstrating leadership skills, fostering a safe and engaging environment at diverse locations throughout India.
- Conducted more than 20 corporate outings and team-building activities for esteemed organizations such as Honeywell and Schlumberger, fostering team cohesion, enhancing communication, and driving overall employee engagement.

BMCC Troika | *Organizer* May 2021 - August 2021

- Spearheaded a highly competitive business case study competition in our college's prestigious annual fest, collaborating with team members to develop captivating problem statements and identify optimal solutions.
- Successfully secured sponsorship from 25+ esteemed organizations, including Quick Heal, Unacademy, and Hero Motorcorp, by showcasing the event's value proposition and building strong partnerships.
